

Sterngold Dental, LLC is well recognized within the dental industry as a leader in the manufacture of high-quality, innovative, clinically proven dental solutions since its inception in 1897. Sterngold demonstrates its commitment to developing evidence-based and scientifically proven products through continued research and development, manufacturing, regulatory, and quality control processes.

Sterngold's mission is to offer the dental professional a wide array of clinical implant and digital solutions, supplies and equipment, to efficiently and effectively provide treatment for the vast variety of patient indications presented to them. We strive to continue innovation within our implant line to meet the evolving needs of our customers by focusing on predictable solutions, through ongoing and continuous surgical and restorative research, and product development.
